## Declaration of Intent:

### Start the fire!

Step 1 – Want to be a part of the action? Make your stand and **give us your GO by signing!**

Step 2 – 1,000 signatures in - **then C3S is being founded.**

Step 3 – You decide to become a **member and make history.**

### What's going on.

By signing the form you declare your intent to join C3S right after its founding. In turn, you are the first to receive a note telling you where & when the **crowdfunding for launching C3S** will take place - even before the public. Then you can purchase shares in C3S, plus exclusive rewards & goodies in extremely limited numbers. Something that is only available with us. **Be one of the first to pick your own reward!**

### Making History.

When you participate in the crowdfunding you can **become one of the first members of C3S.**

### No cheap tricks.

Signing the *Declaration of Intent* is **not binding**. You won't become a member by signing the declaration. **Neither you will have to pay.**

### Yay! Count me in!

During the crowdfunding you decide whether you would like to join C3S as a member or supporter. We hope you do. We are looking forward to welcome you on board!

### You want MORE?

**Founding Member of the world's first digital & fair alternative** for collecting your royalties – how's that? If you would like to purchase ten or more shares (10x 50 € = 500 €) email us **\*now\***! **We want you in as founders.** The first 25 are part of the founding convention, the founding picture, the press release – and an indispensable part of C3S history.

**Here you go: Send the form, dive right into the mosh pit, and climb the stage!**

## Ok, folks – fill in, sign it, make it happen!
